

**ALL UNITS FIRE ALARM TEST
FRIDAY, AUGUST 16th
@ 8:30 AM**

To: All Residents of The Hill At Furnace Brook Condo

From: G&G Management

Date: August 1st, 2013

The fire alarm devices inside all units will be tested on Friday, August 16th beginning at approximately 8:30 AM.

This is a mandatory test which requires all units to provide access for approximately 90 minutes or until such time that your unit has been tested. If you cannot be home, you must make prior arrangements with a neighbor, friend, family member, or Al DiFazio in Unit #204 so access will be guaranteed during this timeframe. Landlords must guarantee this access with their tenants.

If the fire alarm testing company cannot enter your unit on August 16th, the owner will be charged for the cost to return at a later date until testing has been completed.

If you have any questions, please contact G&G Management @ 781-455-6565.
