RE: **Handicap Parking Sign Added**

Please be aware a **fourth** Handicap Parking Sign has been added at the rear exit due to a request from a resident in need of a handicap parking spot.

There are now four residents who need a handicap parking space.

The new handicap parking space added is to the right when exiting the rear door.

Any vehicle not marked handicap parked in the handicap spots is subject to towing at vehicle owner's expense.

Thank you for your attention to this important matter.
