RE: **Snow Cleared Parking Spaces**

Reminder for Winter months to move your vehicle(s) from snow covered spaces after a snow event so the plow truck can clear the parking lot.

The goal is to have all parking spaces cleared of snow and ice.

The plow truck needs room to maneuver. This may require moving all vehicles out of the parking lot while spaces are being cleared.

Vehicles not moved could be towed at vehicle owner's expense. If vehicle is not moved you have the responsibility to clear snow around your vehicle or could be subject to fines.

Shovels should be available at the rear exit to help clear around your vehicle if needed.

Thank you for your cooperation in this important matter.
