---

On Friday, September 20, 2013 beginning at approximately 9:30 AM, the water supply to the building will be temporarily shut off for plumbing repairs to the mixing valve of the hot water. The water is anticipated to be shut off until approximately 12:30 in the afternoon; however, it may take longer or occur later in the day due to unforeseen circumstances. The water is scheduled to be turned back on by no later than 5 PM.

If your unit is without adequate water following the completion of these repairs, please contact William Mackey, Property Manager at (781) 455-6565 ext 202.

Thank you for your anticipated cooperation.
