Re: **Fire Alarm Panel Replacement**

---

On **Monday July 28th-Wednesday July 30th**, from approximately **8:00 AM to 5:00 PM**, Fire Alarm Service will be on site to replace the fire alarm panel. The Fire Alarm Service Company will have to enter EVERY unit to test your heat sensor and verify that it is working correctly to ensure safety for you and your neighbors.

On Monday, we will have a list of the units they will need to enter on Tuesday afternoon and Wednesday. We will send a follow up notice with the floors and units they anticipate testing on either day. We apologize for any inconvenience this may cause you, but we must test all units ensure sure the panel is working correctly.

If you can not be home, you may leave your keys with a trusted neighbor.

Thank you for your anticipated cooperation regarding this matter.

The Board of Trustees

Elizabeth Atkins, Agent for  
The Hill at Furnace Brook Condominiums
